Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 03 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Feeling warm with heavy and perhaps thundery showers.

Today:
A cloudy start with patchy outbreaks of rain. Warm sunny spells and scattered, potentially thundery, showers develop for the afternoon. Across the southwest peninsula showers may align to give some areas significant rainfall amounts. Maximum temperature 22 deg C (72 deg F).

Tonight:
Daytime showers gradually easing through the evening with some late sunny spells. However, further showery outbreaks of rain, heavy at times, arrives overnight as cloud builds from the southwest. Minimum temperature 12 deg C (54 deg F).

Sunday:
A cloudy start with further outbreaks of showery rain through the morning. Sunny spells develop for the afternoon along with scattered heavy showers, bringing a risk of thunder. Feeling warm. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Cooler with sunny spells and showers early Monday, before turning cloudy and windy with outbreaks of heavy rain. Strong winds and showers on Tuesday. Sunny spells and showers on Wednesday.
